SECTION B (Short Answer Questions) - 3 Marks Each

6. What is meant by proto-industrialisation? Explain its key features briefly. [3]

7. Why did the industrialist elite in Victorian Britain prefer manual labor over steam power? [3]

8. Describe the role of a 'Jobber' in early Indian factories and how it evolved over time. [3]

9. How did the American Civil War affect the handloom weavers in India during the 1860s? [3]

SECTION C (Long Answer Questions) - 5 Marks Each

10. Explain how the First World War dramatically transformed the industrial ecosystem in India. [5]

11. Weavers in India faced dual challenges when Manchester goods began flooding the market. Critically evaluate the impact of British textile imports on traditional Indian handloom industries. [5]

12. Analyze the strategies used by British and Indian manufacturers to market their products through advertisements, labels, and calendars. [5]

SECTION D (Case-Based Questions) - 4 Marks Each

Read the source given below and answer the questions that follow:
'The expansion of railways in England from the 1840s and in the colonies from the 1860s created a tremendous demand for iron and steel. With the expansion of railways, the requirement of iron and steel increased rapidly. By 1873, Britain was exporting iron and steel worth about £77 million, double the value of its cotton export.'

13.1. Which industry led the first phase of industrialisation in Britain until the 1840s? (1 Mark)
13.2. What directly triggered the massive surge in demand for iron and steel from the 1840s onwards? (1 Mark)
13.3. Compare the pace of growth between the cotton sector and the iron and steel sector by the late 19th century based on the text. (2 Marks)

Read the source given below and answer the questions that follow:
'The Company tried to eliminate the existing traders and brokers connected with the cloth trade, and establish a more direct control over the weaver. It appointed a paid servant called the Gomastha to supervise weavers, collect supplies, and examine the quality of cloth... Those who took loans had to hand over the cloth they produced to the Gomastha. They could not take it to any other trader.'

14.1. What was the primary objective of the East India Company in appointing Gomasthas? (1 Mark)
14.2. How did the loan system ensure that weavers remained tied down exclusively to the Company? (1 Mark)
14.3. Why did frequent clashes erupt between the weavers and the Gomasthas in rural villages? (2 Marks)
